Thanks for choosing Construction Trailer Specialists, Inc., we manufacture a line of trailers in a size to fit your needs.

-End dump trailers in Half Round or Elliptical configurations available Frameless, Quarter Frame or Full Frame. Elliptical scrap/demo trailers available in lengths from 22 to 40 ft, with 46-100 inch sides.

-Bottom dump trailers in 32-42 ft lengths, with Low Profile, Lightweight, and Insulated Hot Mix versions available.

-Grain trailers in 34-42 ft lengths.

-Walking floor trailers

-In addition, we offer a variety of suspension and tarp options to suit your needs.

When ordering parts be sure to have the trailer's vehicle identification number (VIN) at hand so we can be sure to get you the correct parts for your trailer.

Remember this parts book is for a "standard" trailer, if your trailer is not standard dimensions some parts may not interchange with those listed here, contact the factory if you are unsure.

We will be working on, adding to, and improving this and other parts books in the near future. We welcome any comments or suggestions on how we may make them work better for you. Thanks again!!!
